MEMORANDUM FOR: SIO, Air Force Element (NPIC)

SUBJECT: Assignment of Officer to NPIC

1. Under procedures agreed to last year each Service is now furnishing two technically qualified personnel to work with the Technical Plans and Development Staff on joint research and development and procurement of photographic exploitation equipment. Utilization of Service personnel in this area has been of considerable help, both to the Services and to the NPIC, in improving capabilities to exploit photography.

2. Your Detachment currently has both [redacted] 50X1
[redacted] assigned to this type of work, and they are both con- 50X1
tributing significantly to the program. Additional personnel of
their caliber would be most welcome to NPIC and I believe could make
further contributions to our joint effort. In this connection I
understand that the following named individual has qualifications
similar to those of [redacted] and that he may be due for reassign- 50X1
ment in the near future:

[redacted] 50X1
AFSC - 2734, Asst Staff R & D Officer
Rome Air Development Center
Data & Information Processing Lab.

3. [redacted] would be a welcome addition to the Technical 50X1
Plans and Development Staff. Will you please advise me as to whether
or not he can be assigned in a fashion similar to that worked out for
[redacted] 50X1
[redacted] 50X1
